

COMMISSION FILE NO: 26-051-4 **DATE INTRODUCED:** April 13, 2026

INTRODUCED BY: Executive Director (Signature on File in the Office of the Commission)

REFERRED BY COMMISSION CHAIRPERSON TO: Policy, Finance, and Personnel Committee

RELATING TO: A Resolution Authorizing and Providing for the Sale and Issuance of One Series of General Obligation Sewerage System Promissory Note, Levying Taxes for the Payment Thereof, and All Related Details

SUMMARY:

As part of the State of Wisconsin Clean Water Fund Program (CWFP), the Commission is requested to approve the issuance of an aggregate of up to \$2,291,973 in general obligation promissory notes to finance one capital project. This loan is included in the District's 2026 Capital Budget.

Approval of the attached award resolution will enable the District to finance project expenditures over a 20-year period with a CWFP loan. The District will save an estimated \$404,000 in interest costs over the 20-year period of debt repayment by obtaining financing from the CWFP as compared to issuing its own debt (2.365% versus 3.750%).

The CWFP requires that all borrowing municipalities provide security for repayment of loans. One form of security is a general obligation pledge of ad valorem taxes. This pledge requires a resolution authorizing a sale and issuance of general obligation bonds or note and provides for the collection of an irrevocable direct annual tax to pay the principal and interest on the bonds or notes (i.e., which is equal to the debt service due on the related CWFP loans). The CWFP is the purchaser and owner of the bonds or note.

A two-thirds affirmative vote of the Commission is required for approval.

KEY ISSUES

A Resolution Authorizing and Providing for the Sale and Issuance of One Series of General Obligation Sewerage System Promissory Note, Levying Taxes for the Payment Thereof, and All Related Details

The financial assistance agreement (FAA) for a CWFP loan requires that the borrowing municipality establish one or more dedicated sources of revenue that the State of Wisconsin Department of Administration deems sufficient for repayment of a project loan or loans. A municipality's obligation to repay a project loan may be in the form of a general obligation or a revenue obligation. The District has elected to make a general obligation pledge of ad valorem taxes.

This pledge requires a resolution authorizing the sale and issuance of general obligation bonds or notes to finance capital projects and levies a direct irrevocable annual tax sufficient in amount to pay and discharge the principal and interest on these bonds or notes. The bonds or notes are, in effect, sold to the State of Wisconsin.

The attached award resolution for the one capital project accomplishes the following objectives:

- Provides financing of capital project expenditures within the financing objectives set in the 2026 Capital Budget and long-range financing plan.
- Authorizes the District to (i) sell and issue an aggregate of up to \$2,291,973 of general obligation sewerage system promissory notes in accordance with the terms and conditions of the award resolutions and the FAA and (ii) award the sale of the notes to the CWFP as purchaser.
- Authorizes the Commission Chairperson and the Commission Secretary to execute the FAA.
- Provides security for the State of Wisconsin CWFP loans.
- Provide for levying upon all the taxable property in the District, an irrevocable direct annual tax in an amount sufficient to pay the principal and interest on the note (which is equal to the debt service due on the related CWFP loans set forth in an exhibit to the FAA).
- Provides for continuing disclosure to bondholders in compliance with Rule 15c2-12(b)(5) promulgated by the Securities and Exchange Commission.
- Provides a repayment schedule up to 20 years.

A two-thirds affirmative vote of the Commission is required for approval.
