

**COMMISSION FILE NO:** 24-095-7 **DATE INTRODUCED:** July 8, 2024

**INTRODUCED BY:** Executive Director (Signature on File in the Office of the Commission)

**REFERRED BY COMMISSION CHAIRPERSON TO:** Operations Committee

**RELATING TO:** Award of Contract M10005BA02-02, 2024 Private Property Infiltration and Inflow Reduction Project – Bay Point/Hermitage, Village of Bayside

**SUMMARY:**

The Commission is requested to award and to direct the Executive Director to execute on behalf of the District, Contract M10005BA02-02, 2024 Private Property Infiltration and Inflow (PPII) Reduction Project – Bay Point/Hermitage, Village of Bayside (Bayside), to MJ Construction, Inc., in the amount of \$354,410. MJ Construction, Inc., was the lowest responsible, responsive bidder of the two bids received.

As outlined in the Statement of Policy, Milwaukee Metropolitan Sewerage District PPII Program (Policy), municipalities can request the District to manage, design, and construct projects on their behalf. The cost of the work and a four percent District management fee are deducted from the municipality's PPII account. In January 2024, the Bayside executed a memorandum of understanding (MOU M10005BA02) with the District that outlines the terms of this agreement.

MJ Construction, Inc., will complete PPII reduction work on nine properties in various locations in Bayside. Full lateral replacement will be completed on seven properties, foundation drain disconnection with sump pump installation will be completed on six properties, and downspout disconnection will be completed on two properties.

The contract is funded through a combination of accumulated annual budget allocations to the Bayside PPII account and an award of PPII Program competitive funding and does not represent an increase in total project cost.

All work is scheduled to be completed within 120 days of the District issuing the notice to proceed to MJ Construction, Inc.
