

COMMISSION FILE NO: 25-094-7 **DATE INTRODUCED:** July 14, 2025

INTRODUCED BY: Executive Director (Signature on File in the Office of the Commission)

REFERRED BY COMMISSION CHAIRPERSON TO: Operations Committee

RELATING TO: Award of Contract M10005BR05-01, 2025 Private Property Infiltration and Inflow Reduction Project – Lateral Rehabilitation, City of Brookfield

SUMMARY:

The Commission is requested to award and to direct the Executive Director to execute on behalf of the District Contract M10005BR05-01, 2025 Private Property Infiltration and Inflow (PPII) Reduction Project – Lateral Rehabilitation, City of Brookfield (City), to Mid City Corporation (Mid City) in the amount of \$873,476. Mid City was the lowest responsible, responsive bidder of the two bids received.

In June 2025, the Commission authorized an intergovernmental cooperation agreement (Resolution 25-086-6) between the District and the City, outlining the terms for the District to contract for the rehabilitation of 33 sanitary sewer laterals on behalf of the City.

Mid City will rehabilitate the 33 laterals through pipe bursting, open cut excavation, and pressure grouting. Right of entry agreements with all participating property owners have been secured by the District. Construction is anticipated to start in September 2025, with substantial completion and final payment by the end of 2025.

This contract is funded through a combination of surrendered PPII Program funds, PPII funds currently allocated to the City, and City property owner assessments. There is no increase in total project cost.
