COMMISSION ACTION: _____ **DATE:** _____

BACKGROUND

Adoption of Guiding Principles for Projects Involving Milwaukee County Parks and the Milwaukee Metropolitan Sewerage District

The District strives to complete projects related to flood management and water reclamation in the most cost effective, least disruptive means possible. Many such projects require access or construction within parkland owned and operated by Milwaukee County. The proposed guiding principles establish a set of basic guidelines and strategies to determine how these decisions will be made and how to move these projects forward as quickly and efficiently as possible for flood management, water reclamation, and public safety purposes.

This document has been shared with the Milwaukee County Parks staff. District staff will continue to pursue adoption of these guiding principles by the Milwaukee County Board of Supervisors.

RESOLUTION

Adoption of Guiding Principles for Projects Involving Milwaukee County Parks and the Milwaukee Metropolitan Sewerage District

RESOLVED, by the Milwaukee Metropolitan Sewerage Commission, that the “Guiding Principles for Projects Involving Milwaukee County Parks and the Milwaukee Metropolitan Sewerage District”, as attached hereto, are adopted, and that the Executive Director is authorized to execute projects with Milwaukee County Parks according to this document upon approval by the Milwaukee County Board.
