**List reason(s) if no or low MBE/WBE/SBE involvement:** SWMBE percentage is low due to equipment replacement cost. There were no SWMBE suppliers that could supply this equipment and since 83% of this contract cost is for all the equipment and materials there is only a small fraction (17%) available for any SWMBE participation. The SWMBEs are performing all the subcontracted tasks associated with installing this new equipment. Price Erecting will provide the millwrights and rigging for installation. Rockwell Mechanical will supply the mechanical work. Porta Painting will paint the elements needed for this project. All these SWMBE responded to Butters Fetting. Butters requested participation from 6 SWMBE contractors and 3 SWMBEs responded for this project.
