

COMMISSION FILE NO: 17-079-9 **DATE INTRODUCED:** September 11, 2017

INTRODUCED BY: Executive Director (Signature on File in the Office of the Commission)

REFERRED BY COMMISSION CHAIRPERSON TO: Operations Committee

RELATING TO: Contract TS-2640, On-call Engineering Services for Conveyance Facilities

SUMMARY:

The Commission is requested to authorize the Executive Director to execute on behalf of the District Contract TS-2640, On-call Engineering Services for Conveyance Facilities, with Symbiont Science, Engineering, and Construction, Inc., (Symbiont) in an amount not to exceed \$300,000. Symbiont was the highest scoring proposer, based on a qualifications-based selection method, among four proposals received.

The District has an ongoing need for smaller scale engineering services for the District's conveyance facilities. In general, staff anticipates needing engineering services five to 10 times per year, with costs for each task typically ranging from \$5,000 to \$50,000. Services may be on small capital projects, capital repair and replacement projects, or general technical support related to other capital projects or operational issues.

The requested on-call contract will provide the District means to cost effectively and quickly respond to conveyance system engineering needs. On-call contracts allow the District to save costs and time as compared to individually procuring engineering services every time a service is needed.

SUMMARY (Cont'd)

Contract TS-2640, On-call Engineering Services for Conveyance Facilities

The scope of services will be developed for each specific on-call task order as they arise. In summary, the scope of services may include, but is not limited to:

- Planning, studies, preliminary engineering, evaluation of alternatives, developing recommendations, and engineering design.
- Preparation and delivery of technical memorandum and reports.
- Preparation and delivery of plans, specifications, and construction contract bid documents.
- Engineering services during construction.
- Preparation of operation and maintenance manuals, startup plans, and training.
- Applications engineering.

Services will be related to the District's Conveyance facilities. Contract TS-2640 is expected to last three years.

RESOLUTION

Contract TS-2640, On-call Engineering Services for Conveyance Facilities

RESOLVED, by the Milwaukee Metropolitan Sewerage Commission, that the Executive Director is authorized to execute Contract TS-2640, On-call Engineering Services for Conveyance Facilities, with Symbiont Science, Engineering, and Construction, Inc., in an amount not to exceed \$300,000.
