

**COMMISSION FILE NO:** 20-076-5 **DATE INTRODUCED:** May 4, 2020

**INTRODUCED BY:** Executive Director (Signature on File in the Office of the Commission)

**REFERRED BY COMMISSION CHAIRPERSON TO:** Operations Committee

**RELATING TO:** Award of Contract P-2910, Industrial Vacuum Mounted on a Heavy-Duty Truck Chassis

**SUMMARY:**

The Commission is requested to award and to direct the Executive Director to execute on behalf of the District Contract P-2910, Industrial Vacuum Mounted on a Heavy-Duty Truck Chassis, to Serwe Implement Municipal Sales Company, LLC, in the amount of \$399,779.

The District owns a variety of vehicles that are utilized by Veolia Water Milwaukee (VWM) for performing operations and maintenance activities. VWM uses an existing vacuum truck for maintenance throughout the Jones Island Water Reclamation Facility (JIWRF), including the Dewatering and Drying (D&D) Building. The existing vacuum truck for JIWRF is used extensively for general cleaning throughout the facility, and, when it is required to clean the D&D building, other essential cleaning requiring the vacuum truck, such as in aeration basins, clarifiers, and wet wells, is delayed. Because of the specific cleaning needs in the D&D Building, staff recommends that a dedicated vacuum truck be assigned to this facility and that an additional truck be procured.

The District solicited bids for this purchase, and two bids were received. The lowest bidder, Kriete Truck Centers, was deemed unresponsive due to an incomplete bid bond; therefore, it is recommended to award the contract to the second low bidder, Serwe Implement Municipal Sales Company, LLC. The contract amount is \$19,779 over budget; however, there are sufficient funds in the total project cost of Project J06075, 2018-2024 Capital Equipment Rehabilitation and Replacement, to cover this overage.

In accordance with the Agreement for Management, Operations, and Maintenance, upon delivery, VWM will contribute \$10,000 toward the cost of the vacuum truck.
